

Texas Fire Chiefs Association
DOCUMENT SUBMISSION FORM

Candidate Department: **Irving Fire Department**

Best Practice Standard: 8.08 Airport Rescue and Fire Fighting Response

Proofs of Compliance Submitted:

The Irving Fire Department does not have an airport within its jurisdictional boundary.

DFW International Airport does run the majority of our western boundary and has a Department of Public Safety that handles Police, Fire, and EMS services on airport property to include ARFF response.

Our experience with Delta 191 and United 1141 indicates the Irving Fire Department will provide an EMS and support firefighting role in the event of an aircraft crash. DFW airport personnel will provide the ARFF response.
